Herman Berlin, Attorney-at-Law  
111 North Charles Street  
Suite 601-602  
Baltimore 1, Maryland

Dear Mr. Berlin:

STATOTHR

This will acknowledge your letter of 6 September 1951 asserting a claim against the Government on behalf of your client, [redacted]

Our records of this accident indicate the driver of the Government vehicle was more than half way through the intersection at the time of the impact, which indicates that he entered the intersection first and that [redacted] should, therefore, have relinquished the right of way. The Government vehicle was damaged in the rear right fender, substantiating the above facts.

STATOTHR

Consequently, you may consider this a formal denial of your claim.

Yours very truly,

25X1A
